

*“Within 120 calendar days of the Effective Date, the City will identify and repair or replace any non-functioning or malfunctioning in-car cameras. Thereafter, MPD will require that when officers are assigned to MPD vehicles that are equipped with in-car cameras, the officers will check that the cameras are fully functional at the beginning of each shift and make appropriate notifications when they are not, and the City will repair or replace any non-functioning or malfunctioning in-car cameras within 30 calendar days of an officer’s report.”*

During the January 2024 Audit, a sample of 18 vehicles were verified that covered 3 vehicles per precinct and specialty units. We found 17 to be operational, with 1 currently out of service for repairs.

The ticketing system for tracking Days from Reported to Repair is being developed. In the past period, only one vehicle required a repair and was fixed immediately.
